

A decorative graphic on the left side of the slide consisting of two overlapping parallelograms. The front one is blue and the back one is a light mint green. They are positioned diagonally, with the blue one partially covering the green one.

Herbie's Auto Shop

Bailey, Louis, Karissa, & Reese

Our project (recap)

Ruby on Rails Web application for “Herbie’s Auto Shop”

Stores information on customers and their cars and the work that is being done on their cars

Invoices can be created to display a report

Employees can modify database but only the owner will be able to delete records

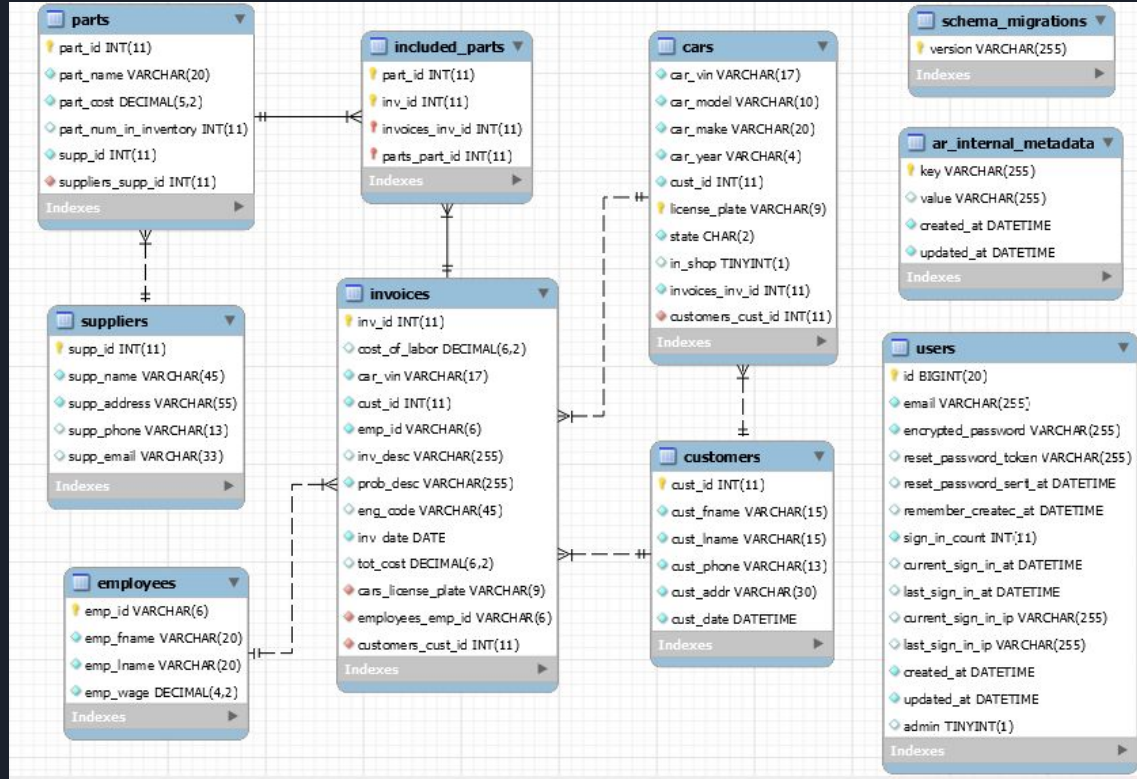

What we have been working on...

- Revised Database
- Styling
- User Authentication with **Devise**
- Searching by phone number

Revised Database Structure

- Normalization

Implemented Styling With Bootstrap

User Authentication

Using Devise Now

Many easy to use functions

Ability for users to be “Admins”

Sign Up/Log in pages

Users asked to log in to use the website

Searching Feature

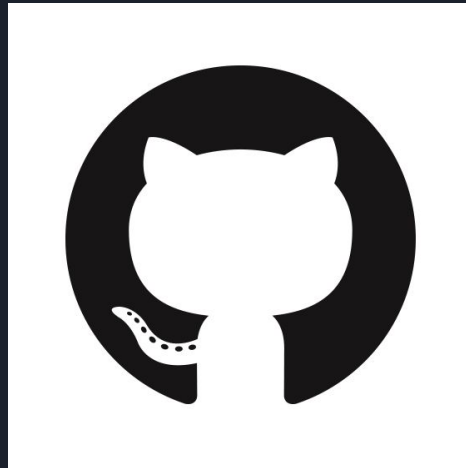

Able to search by phone number

Search is simple, all it does is reload table with new parameters.

Version Control

We are using Github to collaborate on our project and stay up to date with the latest version

Demo

What we plan to do next

- Invoices
- Reflect the change of making the license plate a primary key
- Easier Navigation
- Password Recovery
- Add triggers

Any Questions?
